NUDGEE ROAD/LAMINGTON AVENUE RAILWAY CROSSING

When driving the 301 and 303 routes and turning left from Lamington Avenue into Nudgee Road there is a Railway crossing that has set back traffic and railway lights.

In the event the traffic lights are flashing amber (not functioning correctly) please:

1. **proceed with caution through the lights to obtain a clear view right down Nudgee Road.**
2. **Ensure your bus is stopped well clear of the railway lines.**
3. **If in that position and the train signal lights begin to flash or the boom gates begin to come down STOP THE BUS and do not move until the train signals are no longer flashing and boom gates have risen.**
